

*Father, I pray for those with special needs. Jesus, You want Your children well and healthy and we are asking You for a miracle in their bodies. I ask you to create whatever is needed in their body and mind. If it is genetic, do a miracle. If it is a birth injury, give a corrective miracle. Whatever, give regeneration to every cell, bone, muscle, whatever needs a miracle, do it, Jesus. You never go back on Your Word, and your Word says, "By the stripes of Jesus I am healed."*

*I pray for all in their families, and I speak hope and strength to them. Thank you, Father, for moving in these families. Amen.*

*With love,  
Ms. Dodie Osteen*
